VA	0	10,882	149,828		
NC	214	622	15,432		
TOTAL	41,601	170,718	844,085	738,837	114.2

Notes:

Effective June 9, 2000, fishing vessels issued a federal moratorium permit for the black sea bass fishery may no longer land black sea bass for the remainder of the Quarter II Period.

If negative late entries are present on this report, they are the result of corrections made to the database.

For the week ending **03-JUN-00**, 194 dealers held a federal black sea bass permit. Of those 194 dealers, 151 (78%) have submitted a weekly quota report for the current reporting week. Because Massachusetts dealers submit weekly quota reports directly to the state, they were not included in these calculations.

These data are the best available to NMFS when this report was compiled. Data are supplied to NMFS by dealers and/or state agencies and may be preliminary. Data supplied by the Commonwealth of Massachusetts are as of the week ending June 3, 2000.

The following summary is updated as information is received, and may not reflect recent state actions. Readers are urged to contact the appropriate state agency for further information.

State Information on Black Sea Bass (2000 Quarter II Quota Period)

- This table is to be used for informational purposes only, and should not be relied on for state regulations. That information should be attained directly from the individual states.

State/ Commonwealth	Closure status	Trip/Possession Limits (pounds)	Other Provisions/ Pending Changes	State Contact
